110 BULLS ON OFFER

KANDANGA VALLEY JESUIT

KANDANGA VALLEY YAHOO

KANDANGA VALLEY CHABLIS (P)

Welcome friends to our 20th Annual On Property July sale. The sale will commence at 11am on Saturday July 29th and this year we will offer 110 quality young bulls, in good working condition, for your competition.

The line-up consists of 50 Charolais, 10 Red Angus cross Charolais, and 50 Charbrays, with a fair percentage polled or poll/scurred.

Twenty years of on property sales and 35 years of stud breeding makes this a real milestone year for our stud. The time has flown by as we've seen floods and droughts, rock bottom cattle prices and historic highs come and go, but our little modest Kandanga Valley stud soldiered on and grew and blossomed into what is now a 1300 head stud herd from which we sell 160 bulls per annum. Roz and I are also this year excited to have our son Nick and his wife Grace come on board to assist us. It's been an absolute pleasure to see someone with an interest in the future of the stud on board to share the load.

The bulls this year are very nice types although slightly younger and just a little lighter in weight than usual, mainly due to the extreme wet last year. With 88 inches of rain here at Kandanga, it was very difficult to keep the boys gaining in weight after weaning. But as you know we don't sell pampered pets here and a little bit of adversity will only make them stand up better when you get them home.

There is a good mix of polled low birth weight bulls plus some big high performance bullock breeders plus this year an outstanding line of polled, low birth weight Red Angus cross bulls, all from first calf heifers by an outstanding sire.

As a special celebration at our 20th sale we will give away two \$1000 credits to two lucky bid card holders, drawn prior to the sale commencing.

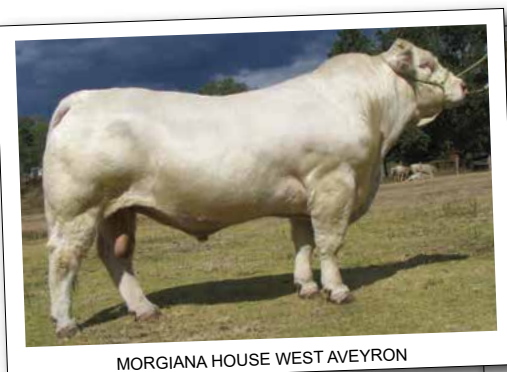

After 35 years in the stud cattle business Roz and I would like to thank you for your support and we hope these Kandanga Valley bulls can help you kick more goals in your own enterprises, as they have in the past.

Looking forward to seeing you on Saturday July 29th.

All the best,
John & Roz Mercer

About Us & Stud History

Both the Kandanga Valley Charolais and Charbray studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.

John and Roz purchased Warravale, Kandanga, from John's parents in 1986 and have since owned a Central Queensland property and properties in the Tansey and Gympie district plus agisted properties west of Gympie. Now having sold all of our Tansey grazing country we have secured a very nice property at Moonie on the western downs where most of our Charolais females now run.

We have raised four great children, Wade, Kate, Nick & Brooke and are now proud grandparents to an ever increasing group of fine, good looking offspring.

The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays, with the added benefit of tick resistance, convinced us that Charbray cattle were the most profitable in our environment and probably most other environments as well. Their saleability at fat or store markets is second to none in Queensland.

We now put a heavy emphasis on breeding generation bred (purebred) Charbrays for a much better consistency of progeny to hit the ground. **We have only used registered Charolais, Charbray or Brahman bulls in our herd since 1979 over registered females of the same breeds.**

Early stud Charolais breeders were purchased from numerous high profile studs plus smaller herd dispersals back in the eighties. Since then we have bred heavy muscled, soft fleshed French type cattle with an eye on all the traits required to perform in Queensland conditions. Traits like fertility, milk, growth and muscling, and now polledness rank very highly in our selection criteria. Our herd is run very similar to any commercial herd with poor performers being culled quickly.

Having access to such a large number of stud females has allowed us to be very selective within our herd and we think the bulls offered during this time reflect this as do their very positive EBV figures.

We are now running in excess of 1200 registered stud cattle, down from a peak of around 1700. We have put a big emphasis on fertility and productivity over the last few years as we have wound our herd back to a more manageable level.

About The Sale Bulls

CHAROLAIS

The vast majority of our Charolais bulls are born at our Moonie property, southwest Queensland, and are brought back to Kandanga, to acclimatise to our coastal conditions, as yearlings. The start at Moonie really influences their structure and we believe other things like masculinity and early development, including scrotal size. In other words, most years they get off to a good start. The eight to twelve months they spend at Kandanga though exposes them to cattle ticks, coastal pastures, and humidity ensuring they go on to survive and thrive no matter where they go off to work.

The extreme wet last year, 88 inches, slowed these boys up a bit in their preparation and add to this they are a little younger than normal. We expect them not to weigh quite as well as usual, but rest assured they are as good a line genetically as any we have produced and their EBV's tell the story.

There are 23 polled Charolais bulls and quite a few low birth weight boys, by Minnie-Vale Nouveau, that should suit heifers.

Once again there is a line on offer by Allednaw Prince, himself a trait leader for 400 and 600 day growth. His sons are big, strong herd improvers with also a little extra fat cover.

Palgrove Lombard, by the outstanding Silverstream Evolution, produces a very similar bull type as Prince. He is will represented in this sale and has been a real asset to our stud.

If you like bulls with powerful, masculine heads and plenty of bone, these fellows are worth a look.

CHARBRAY

Our 50 Charbray bulls catalogued this year are a diversified genetic group but all display that great Kandanga Valley muscling and weight for age.

Having handled the wet coastal conditions much better than their Charolais mates, this group has been doing well and present very nicely.

There's the usual line-up of big bullock breeders by the ever reliable Kandanga Valley Jesuit and our new sire Kandanga Valley Panama Pete. Plus a whole range of boys from F1's to high Charolais content and even a few high Brahman content bulls for that rougher country.

There's a line-up by a new sire Trifecta Prince who we've used 100% effectively over heifers.

Kandanga Valley Charbray bulls are noted for survivability, tidy underlines and consistent muscling and performance.

REBATE

3% REBATE is offered to outside agents introducing buyers, in writing, 24 hours prior to sale, and settling within 7 days. These conditions will be strictly adhered to.

DELIVERY & TRANSPORT

All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue. Free transport is being offered to Dalby and Roma (via Murgon), Toogoolawah & Eidsvold, north to Gracemere and Sarina (via Bruce Highway), Emerald and Clermont (via major centres only).

HEALTH

All bulls are vaccinated with 7 in 1 (as calves), 3 germ blood (as weaners), 3-day sickness and Vibrio (as yearlings).

**ALL BULLS ARE SEMEN TESTED
2 WEEKS PRIOR TO SALE**

SUPPLEMENTARY SHEETS will be available on Sale Day containing the following information – Semen test results, Scrotal measurements, Weights, Scan measurements for Eye Muscle Area, rib & rump fat measurements.

ESTIMATED BREEDING VALUES (EBVs)

EBVs are displayed on all bulls (where available). To obtain EBV figures, our stud Charolais cattle are weighed at weaning and once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over four different properties. However, our mature breeders are calved unassisted. Scanning data from bulls is submitted to improve the accuracy of carcass EBVs.

GUARANTEE

We guarantee all stock sold at this auction as sound breeders. Any dispute regards infertility must be brought to our attention via writing within 6 months of purchase accompanied with a veterinary fertility inspection certificate.

TICK LINE CLEARANCE

All bulls treated prior to sale for immediate inspection.

AIRSTRIP

COMMENTS: Prince has had a tremendous influence in our herd. He is an EBV trait leader for 400 & 600 day weights and also scrotal size plus he is very good for eye muscle area and milk. Also we have had nil calving problems from him. For a polled bull he also puts strong masculine heads on his sons. Just the 8 bulls sold by him so far and they averaged \$17,125. Represented here with 13 Charolais and 4 Charbray sons. His 9 polled sons display very good growth and plenty of deep soft muscling. His daughters are very feminine types. His EBV figures have been obtained over 4 herds and most come with good accuracies.

 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
 8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
 9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of this condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Banker's Association in good faith as at the date of the sale as its Bill Rate for 180 day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.
 - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
 10. If the purchaser shall neglect or fail to comply with any of the within conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
 11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.
 12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.
 13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
 14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
 15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
 16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
 - (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.
 17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
 18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
 - (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
 19. **DELIVERY.** Except at the discretion of the auctioneer, no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer, pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
 20. In these Conditions:-
 - (a) References to "auctioneer" shall be taken to mean as the contest so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot.
 - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1.
 - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm.
 - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.
- IMPORTANT NOTICE** The Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.
- All persons who attend the sale do so entirely at their risk and the Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

KANDANGA VALLEY PSYCHIC (KAV P36E)

COMMENTS: Sensor is a bit older and could handle a big herd of girls. Quiet natured with a sleek coat, he's a real French carcass type. He comes with low birth weight and big milk EBV's. His dam was still producing in the herd at 14yrs of age and produced 12 calves for the stud. This bull would breed ripping females with his bloodlines.
