WELCOME, AND HAPPY BUYING

Time sure goes by quickly between the Pentire Angus annual sales. So welcome to the 11th Annual Sale and I am excited to be hosting once again.

Many new and exciting things have happened at Pentire Angus in the past 12 months. We imported our first 7 Hamilton Farms Canadian embryo calves born last spring and summer. Sires were Poss Maverick (sire of the popular Texas Iceman), HA Cowboy Up 5405 and Schiefelbein Showman 338. Dams were of the calibre of HF Mayflower 191Z (dam of HF Alcatraz 60F).

Then came the exciting purchase of HF Tibbie 21J in partnership with Target Livestock and Marketing from the Angus Collection Volume X sale in Oldhes Canada for \$CAD40,000. Tibbie 21J will be the next big step for genetic progression for both the Pentire Angus and Target Livestock programs, offering generations of proven quality and performance throughout her pedigree. She is a young female that combines unparalleled phenotypic appeal and maternal excellence that will progress the Pentire Angus herd. I am incredibly grateful for such a wonderful opportunity and cannot thank Monique from Target Livestock and Marketing, and Rob and Gail Hamilton from Hamilton Farms Canada enough for their support and encouragement in this new endeavour.

Pentire Angus held a phenomenally successful open day on 2 June 2023, with more than 60 people attending the auctions that also included some demos. Thanks to Jason Bower, Ben Crowe from Glenfaba Kelpies for his working dog demo, and Brooke from the Last Stop donkey program. Keep an eye out for the 2024 open day next June.

Our job is to breed outstanding cattle and supply the markets with what they want. It starts with bull selection. The 30 bulls in this catalogue will sire thicker, bigger butted, muscular toplined calves, enabling you to make

more dollars on your sale day. Timing is everything, and Monday 14 August 2023 is the day to prepare for the opportunities that lie ahead. Pentire Angus offers 31 years of commitment to breeding the absolute best we possibly can. Hopefully there will be many more years and generations ahead.

Quality Pentire Angus genetics will put you and your cattle in the best position to take advantage of the markets and seasons. We have diligently researched the genetics up for sale and carefully planned the matings so they can add carcass shape, thickness, efficient doing ability, and outstanding phenotype. In the long term it will provide you with an excellent line of great-looking, fertile, functional females.

Pentire Angus presents top quality bulls each year through the annual sale in perfect condition, enabling buyers to view them and their genetic merit to the fullest. Each Pentire Angus bull is ready to go straight to work for you and your herd. This is the evenest, thickest, and most potent draft of Pentire Angus breed character and type we have presented. I can confidently describe this catalogue of bulls as the best-ever produced back end to the Pentire Angus annual sale.

I am so grateful and incredibly proud of the many success stories Pentire Angus genetics have achieved over the past 12 months. Please call me and let me know of any success stories you have using Pentire Angus genetics. I would love to hear and share them. If you need any help selecting a bull or would like to view the bulls, give me a call.

I am grateful to the many supporters of the Pentire Angus program, whether you have purchased, helped, or followed what we do here at Pentire Angus.

Thank you. It is truly appreciated,

Justin Richards

SALE INFORMATION

INSPECTION

Buyers can inspect sale cattle any time by arrangement with the vendor or the agent. Bulls will be penned by 10am sale day.

ADDITIONAL INFORMATION

A supplementary sheet with weights & scrotal will be available on sale day. GST: Prices for all lots sold will be GST exclusive. We will add GST to the invoice.

REBATE

Vendor will provide a 2% rebate to outside agents introducing buyers in writing 24 hours before the sale and settling on their behalf within 7 days.

DELIVERY

The vendor will provide delivery to most major selling centres in NSW. Or, the vendor will deliver to your property for a small fee to cover fuel expenses. This occurs as soon as possible following the sale. The vendor is willing to hold any animal free of charge for two weeks following the sale. After that, they will incur an agistment fee.

HEALTH

All bulls are vaccinated for vibrio and 7 in 1. Pentire Angus is located in a Bovine Johne's protected area. All bulls are drenched with Ausmectin and have received Multi Min shots.

SAFETY

Visitors enter the pens at their own risk. Children under the age of 16 are not allowed in the pens. At Pentire, we carry out all care and due diligence to ensure livestock pose a minimum threat to our clients, staff, and us. However, we cannot predict nor guarantee their behaviour. All sale bulls have been assessed for temperament and are quiet to handle under normal circumstances. Unfortunately, sale day places abnormal pressure on bulls as they are not used to having a crowd of people around them, and so the behaviour of even the quietest bull can be unpredictable. With this in mind we ask that while inspecting the sale bulls you treat them with respect and don't overcrowd them. Bulls may also fight in the pens, and at these times, they are oblivious to their surroundings, including people.

“ Good cattle can be good looking. Cattle with eye appeal can hang a good carcass, and wean a big calf. Enjoy your cow base. Love how they look, how they function, and let the cattle make you a profit. ”

BUY YOUR **BULLS** from
a CATTLEMAN
not a SALESMAN

Pentire Renegade R29 was the top-selling bull at the 10th Annual Pentire Angus Sale last year. He sold for \$30,000 to Lesley Taylor of Ellerston, NSW.

Pentire Angus extends a thank you to all the buyers, underbidders, and supporters at our 10th Annual Sale last year. It is greatly appreciated.

Bulls topped at \$30,000 for lot 3 Pentire Renegade R29 sired by HF Alcatraz 60F. Four Alcatraz sons averaged \$17,750, and two were only 11-and-a-half months old on sale day.

The second top price was \$22,000 for lot 4 Pentire Remington R021, another HF Alcatraz 60F son. The third best

price was \$18,000 for Pentire Rambo R47, a son of Milwillah Elsom P184. The overall sale average was \$11,500. By the end of the weekend there were only four yearling bulls left and they are part of this year's sale.

Once again, there was strong local support for the great draft of bulls, which I feel was the best line-up in the Pentire 10-sale history. But there was also a nice mix of new clients with bulls heading as far away as Moree.

Contact me if you want to view the bulls and our female herd in a friendly, casual, and relaxed manner over spring and summer. Call Justin on **0429 950 766**.

PENTIRE IS A GREAT CHOICE

Pentire Angus uses the best outcross genetics from across the world, which provide a point of difference to most of the Australian Angus population. These genetics have the ability to add carcass shape, thickness, easy doing ability, outstanding phenotype and, in long term, leave you with an excellent line of great-looking, fertile and functional replacement females.

Our top-quality bulls are presented each year through our annual sale in excellent condition, so you, as the potential buyers, can view them and notice their genetic merit to the fullest. Each one of our bulls are ready to go straight to work for you and your herd.

Our Pentire Angus bulls will go out and breed

phenotypically great looking cattle that will take Pentire Angus' client herds, and the industry in general, forward in today's modern market by reducing production costs for our clients. A highly efficient production system does not mean low inputs. On the contrary, the best way we find to achieve a low production cost is to increase output, which means optimising every individual animals' performance on each hectare of land we have. We are stacking the genetic gains in client herds for massive productivity gains.

To make what we do in this challenging industry worthwhile, we require bulls with excellent structure, muscle, yield, efficiency and fabulous good looks.

“ At Pentire Angus, we believe the maternal strength in our herd is created through the breeding of fertile, functional females with their built-in longevity, exceptional structure, appealing temperament, udder quality, feed efficiency and a strong constitution. ”

*From left: Richard Browning, Roger Fuller, Jason Bower, Justin and Jesse Richards, and Lesley Taylor with the top bull, Pentire Renegade R29.

Daughters are very feminine with easy doing ability. Progeny are born early and exhibit thickness, softness, and slick-coated skin types. Very balanced and athletic with great feet and leg structure. Good toplines standing very square from behind, with good heads, broad muzzles, and well-hooded eyes.

Pentire Angus Reference Sire HF Alcatraz 60F sold for \$200,000 at the Hamilton Farms 24th Annual Bull Sale. He has been admired by all who have laid eyes on him, especially at the National Western Stock Show in Denver 2019 and 2020. Alcatraz has tremendous width in his top from behind his shoulders back to his pins and finishes off with a wide butt exhibiting excellent muscle shape. He has that proud herd bull look to his front end, lots of crest and power with a nicely shaped head accompanied by perfect feet and leg structure. Pentire Angus is excited for the future of our HF Alcatraz 60F progeny, and the add thickness to their carcass shape.

Pentire Sandy Creek S21 is a flush brother to the \$22,000 high-selling Pentire Rome R22 from the 2021 sale sold to Barana Angus & Simmentals, Coolah. Sandy Creek S21 is very quiet, long-bodied, with a massive eye muscle area, and displays as a substantial big-butted bull. His dam needs no introduction – Pentire Pride H36 – the cow on Greenmount who continually raises the good ones. Sandy Creek's flush sister Pentire Pride S3 calved in the autumn with one of our showman's calves, and she looks impressive. All the young HF Alcatraz daughters I saw recently in Canada were outstanding, raising some of the best calves in their respective herds. The maternal power behind this bull is incredible. Keep all his daughters. You will not be disappointed.

Pentire Springboard S20 is our last son of HF El Tigre who bred exceptionally well for me – a soft-coated, easy-doing type of bull. Little more frame than most of the sale bulls without sacrificing a good topline and butt shape. Also, look to keep all Springboard's daughters in your herd as replacements; they will not disappoint.

Pentire Texas T11 is three-quarter Angus Charolais composite DNA tested homozygous polled and black. All his calves will be black and polled. Texas T11 has a very placid temperament and perfect feet. Sired by the great HF Alcatraz, his mother, N70, is a highly fertile, phenotypically excellent cow but is on the bottom end of where I like my cows with the milking ability. This put T11 behind his contemporaries at weaning, but he's starting to catch up now.

Pentire Trumpet T44 is a very stylish youngster capable of breeding a show steer with his George Clooney good looks, extensive butt profile, and strong topline. His sire is Pentire Roast R40, sold in 2022 to Steve Garland.

SALE DONKEYS

FRANKIE

John (castrated male)

DOB: 21/01/2022

Sire: Chester

Dam: Chloe

Frankie is a full brother of Bingo, the awesome donkey from last year's sale now residing with Ben Wirth and family at Glen Innes.

SMOKEY

John (castrated male)

DOB: 13/02/2022

Sire: Chester

Dam: Chocolate

Welcome to Bureen Cattle Company, established in 2020 after the merger of two independent Hunter Valley studs. Those studs were Anthony Green's Yendarra Charolais and my Tractor Charolais. We shared a passion and a vision for Charolais cattle and recognised the breeding benefits of joining forces.

Bureen takes pride in its herd of 50 predominantly stud registered Charolais females. Our commitment is prioritising quality over quantity. We produce a moderate, functional type of Charolais that excels in calving ease, rapid growth, muscle development, and overall structural integrity. These attributes, combined with their versatility to thrive in various operations, make our cattle a valuable addition to any program.

Our breeding herd is situated on 1400 acres in the scenic Horseshoe Valley at Martindale. We conduct our fattening, hay, and show operations on the highly productive river flats at Bureen. We are privileged to

operate across these two high-performance properties, each serving a distinct purpose and benefiting the production of quality cattle.

We understand the significant investment involved in selecting a new sire for a breeding program and commit to offering the best options available. At Bureen Cattle, we believe buyers achieve a successful return on investment through a combination of value, genetic gain, and years of service.

This year, we are delighted to present an exceptional line-up of bulls for sale. We have full confidence you will find a bull among our offerings that perfectly suits your specific requirements.

Choose Bureen Cattle Company for top-quality Charolais bulls and experience the difference for yourself.

Travis Worth

S4 – What a way to kick of the offerings for this year’s sale. S4 is out of our Maple Girl cow and she doesn’t come in with a bad one. He is no exception – a strong stand-up type of bull, always an eye-catcher. He ticks so many boxes – polled, growth, soft. He will produce early maturing high-yielding calves. Carcass champions Minnie-Vale Sundance and Wells Mr Just-In 3861 back his pedigree.

S14 – Gold and polled, a cattleman’s dream. He has a sire’s presence – early maturing, beautiful muscle pattern, tremendous over his topline, stands over plenty of ground, good sheathed and testes and soft as butter. Out of a commercial Charolais cow by Tractor Maverick. (His sire details listed as reference.)

S11 – Mr Docility is the best way to describe this bull. He is a no-fuss easy keeping kind of bull. But he's no slouch when it comes to performance. Strong through the lumber and over the plates. A red factor bull with soft subtle skin and hair. Double cross of BW and calving ease champion Wells Just-In 3861.

DISCLAIMER & PRIVACY INFORMATION

ATTENTION BUYER

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

PRIVACY INFORMATION

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

PARENT VERIFICATION SUFFIXES

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV: both parents have been verified by DNA.

SV: the sire has been verified by DNA.

DV: the dam has been verified by DNA.

#: DNA verification has not been conducted.

E: DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents _____

from member _____ (name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: _____

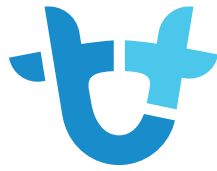

Signature: _____

Date: _____

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email office@angusaustralia.com.au

AuctionsPlus

How to register and bid on AuctionsPlus

1

Go to www.auctionsplus.com.au to register at least 48 hours before the sale.

2

Select **"Sign Up"** in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select **"Dashboard"** and then select **"Request Approval to Buy"**.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on phone (02) 9262 4222
or email info@auctionsplus.com.au
