# Welcome

2023 Rosskin Angus has reached a milestone being our 40<sup>th</sup> year in breeding bulls.

Rosskin has been involved in an AI breeding program for 27 years and in 2022 we started an embryo transfer program. Breeding cattle in an always changing Monaro environment can be a challenge, so we feel to have lasted 40 years is an achievement in itself. Passion and drive have kept us going, we have always put ourselves in the situation to hold the majority of our females in the toughest of years no matter the expense.

We are offering 30 bulls this year, the bulls have been fed hay and a ration of Manildra pellets since the end of July. With 400 acres of oats sown in the Autumn and looking amazing in the beginning of May we thought this would be substantial feed to get through the Winter but typical Monaro climate everything went south due to severe frosts and no rain.

This year the bulls are auctioned, with a video for each bull projected onto a screen.

Lastly we would like to take the opportunity to thank everyone who has helped us not only on sale days but over the last 40 years.

Rosskin bulls can be inspected at our on-property annual Open Day and Sale Day or by appointment. In addition, they can be viewed online at our website [www.rosskin.com.au](http://www.rosskin.com.au), we will again interface with AuctionsPlus.

If we can be of any assistance we are only too happy to help. So please speak either to us or our agents Monaro Livestock and Property and Nutrien Livestock.

**Martin, Liz and Adam Walters**

## LOCATION:

*Rosskin Stud is situated at "Boundary Creek" 2432 Jimenbuen Road approximately 25kms from Dalgety and has 8 kms of dirt*

# SALE INFORMATION

## **INSPECTION:**

Inspections by appointment prior to our sale or from 10am on sale day.

## **HEALTH:**

- √ 7 in 1 Vaccinations
- √ Vibrio Vaccinations
- √ Pestivirus Vaccinations

## **GUARANTEE:**

### **ANGUS BULLS:**

Rosskin guarantee all Angus bulls for structural soundness and fertility. If during the next 6 months any Angus bull proves infertile or breaks down due to reasons other than injury, negligence or disease contracted since sale day we may: replace the bull with a satisfactory substitute if available, or issue you with a credit equal to the purchase price minus salvage value that may be used to purchase any animal in future Rosskin sales.

Any claims are to be accompanied by an appropriate veterinarian certificate. All vet costs are the responsibility of the purchaser.

## **INSURANCE:**

Insurance will be available from our agents Monaro Livestock & Property or Nutrien Livestock.

## **SALE CONDITIONS:**

All lots will be sold subject to the usual terms and conditions governing auctions sales.

Responsibility passes to the purchaser at the fall of the hammer. All lots are sold exclusive of GST.

**AuctionsPlus** potential buyers must register with AuctionsPlus prior to the sale and we recommend that you make these arrangements at least one week prior to sale day. Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) to complete registration and receive your password. Should you have any queries or problems prior or on sale day regarding the AuctionsPlus process, please call the agents Monaro Livestock & Property or Nutrien Livestock.

**NO Mobile phone coverage** at our sale venue.

## **REBATE:**

2% rebate is offered to outside agents introducing buyers prior to sale day. To qualify they must introduce their client in writing to the sale agents no later than 5pm on the day prior to sale day and settle within 7 days.

This clause will be strictly adhered to.

## **SUPPLEMENTARY SHEET:**

The bulls will have sale weights and other updated information available on sale day.

## **CATERING:**

Lunch will be provided at our sale venue.

## **DELIVERY:**

Bulls will be transported free to central points as near to your property as is available within 500km and where possible directly on farm. Outside of this Rosskin will endeavour to assist with delivery in anyway we can.

Bulls from the fall of the hammer and waiting delivery are at the purchaser's own risk.

**Extremely important on arrival at your property that you have either steers or cows in yards.**

## **INJURY TO PERSON or PROPERTY:**

All persons entering our property for any purpose what so ever do so at their own risk and the vendor therefore assumes no liability, legal or otherwise for personal injury/death, theft, loss or damage to property. All persons entering pens do so at their own risk and please No children allowed in pens at Rosskin.

## **DISCLAIMER:**

Whilst all due care and attention has been paid to accuracy in the compilation of this catalogue, neither the vendor, selling agents or representatives thereof assume no responsibility whatsoever for the correctness, use or interpretation of the information on animals included in this catalogue.

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, neither the vendor, Angus Australia or the selling agents will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

**PLEASE BRING THIS CATALOGUE ON SALE DAY**

## BULLS STRUCTURALLY ASSESSED ON 6<sup>th</sup> JULY 2023 BY LIAM CARDILE – BEEFXCEL

### How to use The Beef Class Structural Assessment System

The Beef Class Structural Assessment System uses a 1-9 scoring system;

- A score of 5 is ideal. - Note: Temperament Score of 1 is preferable
- A score of 4 or 6 shows slight variation from ideal, but this includes most animals. An animal scoring 4 or 6 would be acceptable in any breeding program.
- A score of 3 or 7 shows greater variation but would be acceptable in most commercial programs. However, seedstock producers should be vigilant and understand that this score indicates greater variation from ideal.
- A score of 2 or 8 are low scoring animals and should be looked closely before purchasing.
- A score of 1 or 9 should not be catalogued and are considered culls.

**BULLS SCANNED ON 6<sup>th</sup> JULY 2023 BY LIAM CARDILE - BEEFXCEL**

## PARENT VERIFICATION SUFFIXES Angus Australia

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA  
 SV : the sire has been verified by DNA  
 DV : the dam has been verified by DNA  
 # : DNA verification has not been conducted  
 E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

## How to Register and Bid on AuctionsPlus

- 1 Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) to register at least 48 hours before the sale.
- 2 Select “**Sign Up**” in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select “**Dashboard**” and then select “**Request Approval to Buy**”.
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.

# CARING FOR YOUR NEW BULL

Respect your bulls, handle them quietly and with kindness, walk them rather than rushing them. Treat them with care and in a gentle manner and they will reciprocate, he is your investment for future years.

A bull leaving the property is leaving the security of a mob and will arrive at unfamiliar territory. If you cannot put him into a mob straight away, **unload him and make sure he has steers or cows as a companion.**

Treat the bulls kindly as your behaviour (impatience, nervousness etc.) is easily transmitted to the bull that is unfamiliar to you and their new environment.

A young bull can move in with older bulls and settle in well, but remember being the youngest he will get the last of the feed because of the pecking order. The paddock needs to be reasonably large so he can stay away from the others and find adequate feed.

Young bulls are still growing fast and need enough feed to maintain their growth pattern and to be able to settle in with the cows quickly and efficiently. The bulls are in good joining condition at point of sale, but **is imperative to ensure good nutrition for the bull during joining.** Keep a regular watch over the bull when he is out with cows. Our sale bulls will handle approximately 35 to 50 cows on their own and are accustomed to electric fences and motorbikes. Accidents can happen and every day he is not working will cost you money. Observing is vital!

After mating, look after your bulls by drenching and place them on good feed to get back into 1<sup>st</sup> grade health without being allowed to get overfat or too poor condition. Good feed will help stop fighting and help bulls settle in their groups.

# Rosskin

would like to thank all buyers and  
underbidders for their valued support.

We wish you every success with your purchases.  
If you have any problems with them please let us be the first to know, we may be able to help you.  
Hope you will join us for some refreshments after the sale.
