6	5	6	6	5	5	5	C+

A mature herd cow's third bull calf that is pleasing on the eye with an impressive data set credential. Top 5% 400D weight at +109 combines well with highly compliant carcass data across the board, particularly EMA at +12.7, IMF at 2.4% and calving ease at +7.2.

It is noteworthy that this bull has a dataset more than comparable to the recent highest priced bull at \$360,000 at Texas Angus. He ranks in top 2% \$A value for the breed. Reiland Angus retains 50% semen and marketing rights in this elite young sire.
