Humminghills Alpacas Complete Dispersal Auction

Since 2004

Welcome to the Complete Herd Dispersal of Humminghills.

Dennis and Suzanne have been breeding and showing Alpacas with passion and love for the past 19 years. It's been a pleasure being part of the developing alpaca industry. In our many years we have seen some incredible improvements in fleece, frame and the online database.

Recently Suzanne underwent shoulder reconstruction surgery, from this we have made the difficult decision to retire from farming altogether.

Over the years we have travelled the East Coast sourcing genetics from many other Award-winning breeders, as you will find in this catalogue.

We have had a wonderful time over our years of showing, meeting like minded people and sharing our alpaca love. Our children and grand children have even helped us at shows over the years and loved coming to our farm. We make a special mention here, this catalogue wouldn't have been possible without the help of beautiful grand daughters Trinity 14 years and Karissa 11 years.

From day dot we have both been spinners in alpacas fleece, and during our time, we ran "Artisans of the Glen" in Glen Innes for 5 years. Selling our hand made garments and teaching spinning, weaving, dyeing and felting.

To card our fleece, we purchased a large Platts Carding Machine which is also for sale by negotiation. We commercially used this machine since 2007, carding fleece from all over Australia even WA and TAS. These days we only use her for our own and local spinners use.

Something to consider purchasing, for those interested in producing from paddock to garment.

The farm in Glen Innes is for sale, a 168 acre tick free property, bounded by the Beardy Waters Creek, on beautiful basalt soil. The house is a fully renovated, 3 bed, 3 bath, polished concrete underfloor heating in games room, 11.6kw Solar power grid-connected system and a 13kw solar battery storage system. There is a large new shed with machinery awning plus more sheds with a 18meg irrigation licence. All this and it's only 4km from Glen Innes on a tar road. Contact us for more information.

Online Auction

Register with AuctionsPlus: Buyers must complete Full Registration in order to bid/buy.

Auction Site / Location: Your own home, office, lounge room. Or wherever you may be at auction time. **12 noon, ????**
