How to Register and Bid on AuctionsPlus

- 1 Go to www.auctionsplus.com.au to register at least 48 hours before the sale.
- 2 Select "Sign Up" in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select "Dashboard" and then select "Request Approval to Buy".
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.

DRENSMAINE SANTA GERTRUDIS

Stud No: 1712

We endeavour, and guarantee, to provide bulls that will perform for our customers in a multitude of environments. We select our sale prospects on their ability to remain strong and healthy. And when give the opportunity to do so, their ability to thrive, with only the best performers to be presented.

These bulls have been through a barrage of trials and tests and given all precautionary vaccinations to ensure you, as customers, will take home a sound, healthy bull that is ready to go to work.

The information gathered on each bull can give you confidence in your decision and our performance guarantee gives you peace of mind.

So we are confident to offer a strong line-up of young bulls and have faith they will meet their buyers expectations.

We firmly believe that female fertility is paramount, requiring that every female brings a calf home each year or they are subsequently culled. So the females, like the bulls, go through a strict culling regime that requires soundness in all structural traits that pertain to fertility and their ability to survive and raise a calf. And also, as they age their ability to remain viable, with a finite amount of feed it is imperative that each animal is productive.
