Cattle were good to handle in yards as you can see in videos nice and settled. Some a little stirry when put pressure on to push thru race nothing concerning

Assessor Comments Outstanding line of Angus steer weaners the vendor has gone to great effort to prepare the cattle for this sale and they will present remarkably. A top draft has been sold to supermarkets earlier with great kill results. This is the middle run still 80 steers of smaller younger weights to come in later spring sales. Weights at paddock estimate will range from 360kg - 410kgs To be weighed sale day following a 12 hour curfew
