S: Rangan Bluegrass D55 (P)

D: Palgrove Bronwin 83

S: Palgrove Crusader

D: Palgrove Gayle 36 F74E

D: Palgrove Gayle 20 A294E

Top 20% of the breed for Scrotal and Marbling.

This year, we are proud to offer our 'new generation' of strong polled sire prospects. We've worked hard to source the right genetics that will lead our polled programme into the future.

Starting off the sale is an exceptional polled son of our consistent breeding sire, D55 and out of a valuable young cow.

Jettison is a true all-rounder and is a top commercial or stud sire prospect with his overall balance; maturity pattern; temperament and big scrotal.

His progeny will benefit from his powerful and reliable pedigree; consistent growth and maturity pattern and doing ability.

A standout to begin the sale - don't overlook him.

D: Palgrove Appeal 43 G33E

D: Palgrove Appeal 34 C147E

Top 1% for 200D Wt, top 10% for 400 & 600D and top 15% for Scrotal; top 25% for N'th Terminal \$Index.

This is the first son of our exclusive National Canadian Champion sire, Gridmaker, to sell.

Jericho was used over stud heifers as a yearling and we are retaining a semen interest in him.

He's out of a first calf two year old Courage daughter and is a real favourite of ours.

This is a bull that really belongs in a top end herd - he has the temperament; tremendous thickness and softness as well as the breed horsepower that our 'new generation' sires have been introduced for.

A sire prospect with exceptional EBVs to take breeders to the next level.

Top 25% for 200D Wt.

Junction is the first Evolution son to be offered for sale at our Palgrove Bull Sale and we are more than proud to present him in the ring.

If you're looking for a bull with the thickness; grunt; softness as well as being polled and red, then here he is.

His dam is a standout female and has proven to be a very consistent breeder, producing five progeny with sons selling consistently in the top bracket.

This is one of the heaviest weight for age bulls in the entire draft and his raw data just keeps jumping off the page. His overall volume has to be seen to be believed.

Semen retained by Palgrove. This bull will breed!

 D: Palgrove Desire 134 ET C349E

Top 1% for Scrotal; top 15% for Milk; top 20% for Fat Cover; top 25% for Eye Muscle Area and Export \$Index.

Polled and Gold! Jovial is one of our feature bulls in this year's sale and Palgrove has retained a semen share.

He's double polled; super sleek skinned; exceptionally long and thick and weighs like lead, all carried on a moderate frame.

He completes his appeal with below average birth to above 600Day Weight as well as positive carcass numbers.

This is a bull to handle any conditions that this country can throw at him. Polled and red with grunt - Palgrove produces a cracker here that ticks all the boxes.

 D: Palgrove Leonie 8 R/F V295E

Top 25% of the breed for 200D Wt.

A faultless ET pedigree in this polled red factor Evolution son. His donor dam is a 'picture perfect' female that's produced 13 progeny for us, including Lot 10 in this sale.

He has a great carcass; tremendous hindquarter and thickness and natural constitution.

This is a true cattleman's bull - he's sleek hided, mobile and there is so much strength in his pedigree that he can't help but breed true to type.

Jujitsu is a classic example of an industry bull - he'll add real value across the whole supply chain.

PALGROVE JUNO (P)

Tattoo: PK J712E Calved: 26/08/2013 (24 months)

S: Silverstream Brumby (P)
S: Silverstream Evolution (P)
 D: Silverstream Glossy S120
 S: Palgrove Tribute
D: Palgrove Estella 182 Z64E
 D: Palgrove Estella 52 R51E

Top 10% for Eye Muscle Area; top 15% for Milk; top 25% for N'th Terminal \$Index.

This Evolution son stands proud and has been a standout since he was a young calf.

His dam has produced nine progeny by ten years of age with a DCI (daily calving interval) of 369 days. She's a super fertile; perfect uddered female whose sons have sold to \$10,000.

Juno will excel in a stud to lift that polled performance to another level or in a commercial herd to breed you into that heavy weight, milk tooth bullock market.

He impresses for his tremendous length of body; strength of loin and hindquarter, yet he's really smooth through the front end.

A bull you'll be proud to own!

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

D: Palgrove Freisia 24 (P)

S: SVY Freedom (P)

D: Palgrove Aletta 26 (P) F974E

D: Palgrove Aletta 14 X440E

Top 5% of the breed for Fat Cover; top 25% for Milk and 600D Wt.

This is unique beef bull with superman performance - balanced with the easy finishing characteristics that come with his breed leading Fat Cover.

He is sired by the Sydney Grand Champion bull out of an exceptional young Freedom daughter. His grand dam X440E was sold as the 'pick of the herd' at our 2011 Female Sale.

With double polled; performance; strong maternal pedigree on both sides and that great Palgrove temperament, this big volume bull will produce progeny to fit the upper end of select premium markets.

Top 5% for 200 & 400D Wt and Scrotal; top 10% for Eye Muscle Area; top 20% for all market \$Indexes; top 25% for 600D Wt.

Another classy Gridmaker 2W son and a sire we used over stud heifers as a yearling and we're retaining semen in our stud.

Born easily out of a first calf two year heifer, this bull balances low birth weight with well above average growth and plenty of positive carcass traits.

Jubilee displays natural softness with thickness and has that perfect structure that will guarantee his value to stud breeders and commercial cattlemen alike.

He represents everything Palgrove selects for - performance; predictable pedigree, quality and constitution. A complete package.

Top 5% for 200D Wt; top 10% for 400 & 600D Wt; top 15% for Scrotal; top 20% for Marbling & N'th Terminal Index; top 25% for Domestic & Export \$Index.

This the first of a great run of our 'new generation' Formula sons to be offered for sale, with a well balanced spread of EBVs for fertility, growth and carcass.

He was used as a yearling in the stud and at a young age, we recognised his value to our herd.

His dam has produced five calves by six years of age with a 366 DCI. Real fertility and production.

Jacko is a smooth polled bull with a tremendous topline and big scrotal.

We love these bulls that are designed to add value to any enterprise from north to south. A true sire that we're proud to present.

 D: Silverstream Glossy S120
 S: Platinum Wind-Fall (P)
D: Palgrove Leonie 23 (P) ET D13E
 D: Palgrove Leonie 8 R/F V295E

Another polled, red factor Evolution son that is really deep bodied; super soft and easy fleshing.

His donor dam is a 'picture perfect' female that's produced 13 progeny for us, including his full brother, Lot 5 in this sale.

His progeny should perform equally well in the feedlot as off grass and his versatility to meet a range of markets will be his strength.

Jarrah impresses for his sire appeal and strength of bone and loose supple hide.

A bull that will right at home in a stud or commercial herd.

Charolais	BW	Milk	200	400	600	SS	EMA	Rump	IMF%	Dom\$	Exp\$	N'th\$

D: Palgrove Miss Diamond 19 (P) Y165E
 D: Palgrove Miss Diamond 12 V259E

Top 20% for low Birth Weight.

One of the more powerful Evolution sons that displays real sire character and strength.

His dam is the epitome of fertility and super production. Her maternal traits include - perfect udder shape and size; produced ten progeny by 11 years of age with a 363 DCI.

Joker carries tremendous thickness and bone along with a supple skin.

His progeny will be destined for the heavier end markets where fast growth and weight gain ability are the profit drivers.

A bull that will breed on!

Top 10% for 200D Wt and Eye Muscle Area.

Check the bone and power here in this impressive Evolution son. He'll really kick up the weight, growth and carcass in a Bos Indicus cow herd to open the door to a whole range of markets.

He's backed by an awesome cow family - his dam has had five calves with a 364 DCI and both grand dam and great grand were donor females, producing over 140 progeny between them.

Juggernaut is a bull with exceptional natural thickness that will really produce the kilos and that's what makes the difference to your bottom line no matter where you market your cattle.

Top 10% of the breed for 200D Wt; top 25% for 400 & 600D Wt.

The first of our AI Foreman sons, who was the highest priced Charolais bull to sell in Australia in 2012 at \$40,000.

Jonah gains an added benefit from his maternal pedigree with his Wyoming Wind dam producing seven progeny by eight years of age with an exceptional 361 DCI.

This is the bull to add fast early growth; easy fleshing ability and perfect structure plus that all important width, length and strength across the topline.

We selected Jonah to use in the stud last year as a yearling with first calves due this Spring.

Top 5% for 200D Wt; top 15% for Eye Muscle Area; top 20% for 400D Wt.

The first of our homozygous polled sire, Casino's sons to sell in this year's sale.

His dam is a beautiful, big roomy cow that is now a donor at Palgrove.

Jackman was used as a yearling in the stud last year - he stood out from the group early for his obvious capacity and strong carcass and weight for age potential.

With polled and red factor adding to his appeal, this is a really powerful herd bull that is designed to handle tougher environments and add heavier weights into his milk and two tooth progeny.

Sleek supple hide here with softness volume and constitution.

Top 10% for 200D Weight.

A smooth polled bull with everything set into the right place to add extra value to his progeny.

He's out of a particularly fertile, highly consistent Zephlin daughter who has produced three progeny by four years of age with a 360 DCI.

Jilted has above breed average growth; muscle and fat cover EBVs.

This is a really safe, consistent breeding for the first time Charolais breeder or the 'old hand'.

He'll produce those heavy steers that will finish first off grass. Great temperament as well.

Top 25% of the breed for Eye Muscle Area.

An upstanding red factor bull that's as long as a train.

His dam is a very fertile seven year old cow that has already produced six 'commercially focused' progeny for us.

This is a very sound, mobile bull that would be ideal to produce those faster growing, export weight steers under any conditions.

Palgrove Foreman R/F ET:

Another of our new generation sires at Palgrove.

He was the high selling Charolais bull in Australia at \$40,000 in 2012.

Palgrove retained a semen interest in this consistent breeding red factor sire and he has three sons in this sale.

Lots 13, 20 and 61.

Top 5% for 200D Wt; top 10% for all three market \$Indexes; top 15% for 400 & 600D Wt.

Jumpstart is an active free moving bull with plenty of growth and natural thickness.

He ranks in the top percentiles for all the growth intervals with a very moderate birth weight and lands in the top 10% of all of the major selling market profit points.

His dam is a functional, correct Wind-Fall daughter that has the amazing record of six progeny by six years of age with a 360 DCI.

This strong boned bull would be ideal to cross over Bos Indicus cows and his progeny will really put some lead in the scales!

** Mid Parent Carcass EBVs*

A standout Evolution son that is moderate framed; extra thick with plenty of volume and naturally weighs heavy.

He comes out of a very strong cow family and is out of a highly fertile dam that has produced four progeny with a 360 DCI.

Charolais bulls with this type of skin have that natural doing ability and built in constitution.

Jambaroo is a bull that will produce consistent 'no fail' progeny that will suit a range of commercial or stud herds.

Semen share purchased by Palgrove.

5 Autumn Yearling Charolais Bulls

We are proud to present this outstanding group of Autumn yearling bulls. They come straight off the top shelf of our herd and are sired by a new generation of Palgrove genetics.

There are many facets to the Palgrove bull breeding programme, but one of our objectives in the last ten years has been to selectively move our herd to majority polled cattle. We set out to achieve this without compromising the Palgrove growth and carcass traits that have been bred into our herd over many years. We will still use horned genetics in our breeding programme to maintain the balance when required.

The bulls in this next group demonstrate our long-held opinion that profitable

cattle are those that provide producers with plenty of joining options; plenty of finishing options and plenty of marketing options.

When you look at these yearling bulls, we hope that you see that we are achieving our objectives in each generation.

We welcome you to take the time to look around our herd anytime at any of our locations. There are now close to 2,000 medium framed females with constitution; softness and perfect udders breeding our new generation of Palgrove progeny.

Please note: These Autumn yearling bulls don't have carcass figures yet as they are too young to collect prior to sale, but data will be available once their contemporary group has been collected and processed.

A moderate birth weight bull that really powers into the top percentiles for growth and is one of the highest ranking 600D weight bulls in this sale.

Jacaranda is a really sleek bull that's long bodied and mobile and displays a classic sire's head and bone.

His dam has had five progeny with a 363 DCI. An impressive bull that we know will breed on.

Purchaser.....\$.....

Palgrove Hombre (P):

New sire at Palgrove - a homozygous polled son of Rangan Park Bluegrass D55 (P) and out of our highly productive cow, Palgrove Doris 39 (P).

He is a low birth weight sire with breed-leading Fat Cover and Marbling EBVs.

Look for his first sons in 2016.

Top 10% of the breed for Milk.

This sleek skinned red factor, polled bull is by Calibre - a sire that consistently breeds functional commercial bulls for us. His dam has recorded eight registered progeny by nine years, with five of her sons selling to average \$6250. We value her highly in the herd.

Johnno is extremely quiet natured with that smooth front yet has good muscle expression into his back end.

A sound commercial bull to produce progeny for a range of markets.

Top 1% for 200D Wt; top 5% for 400 & 600D Wt and N'th Terminal; top 15% for Export \$Index; top 25% for Domestic \$Index.

A polled red factor son of our ever popular breeding sire, Bond. We've sold hundreds of commercial bulls by him to very satisfied clients.

Jordie is out of a polled, red factor cow that adds softness to the package.

His EBVs are some of the best for growth in the entire sale, but this is combined with an ideal phenotypic maturity pattern. He carries positive carcass EBVs for both fat and muscle to impress for overall appeal.

This red factor Bond son is backed by some of the most powerful EBV figures across the entire range of traits, as any bull in this sale.

Again the strong maternal traits here come to the fore. His dam is a Viagra daughter that has had seven progeny with sons selling to \$8,000 and we feel this son could be one of her best.

A very impressive commercial bull that will add extra weight and finish to his progeny.

Top 1% for Eye Muscle Area; top 5% for 200, 400 & 600D Wt and N'th Terminal; top 20% for Export \$Index; top 25% for Domestic \$Index.

There's a combination of factors that have worked here to produce this great stud or commercial bull.

1. Pedigree - a powerful breeding sire on the top side with the productive performance of a Quintero daughter on the dam side.

2. Market suitability - he matches growth and carcass traits to fit the premium market grids

3. Phenotype - he's designed with the constitution and type to reach his breeding potential.

Jemalong ticks all the boxes - we love him!

A top commercial bull here by our new generation sire, Evolution.

Joist is a bull with great muscle expression and we consider him ideal to cross with Bos Indicus cows to target those southern premium feedlot markets.

His dam is one of our hero producers, with eight progeny by nine years of age, recording a 365 day DCI. Her first five sons have sold at auction to average \$8,666.

Don't miss this solid performer in the sale pens.

 D: Palgrove Gayle 21 A606E

Top 5% of the breed for Scrotal; top 15% for 200D Wt and 20% for 600D Wt.

We love the way this bull carries himself, he's stylish but has everything setup in the right place.

He is a typical Defender son with plenty of carcass and out of a polled Wind-Fall daughter whose first son (Frost) sold for \$16,000 as a stud sire.

Again a bull that is right up in the top end of the breed for growth and he combines this with the right maturity pattern and carcass shape.

The final Charolais bull for 2015 - and he will real place in the industry. He's extra thick, soft and easy keeping with a medium maturity pattern and is the type of bull to breed progeny to fit that heavy domestic market.

He has an immaculate pedigree combining the power of Centurion with the maternal traits of Wind-Fall.

Purchaser.....\$.....

For the third year at the Palgrove Sale, we're offering a strong draft of our unique Ultrablack bulls, with both two year olds and a quality group of yearlings.

Using Ultrablack Bulls:

We see the Ultrablack genetics working in northern environments to produce steers that will grow fast and maintain that black hided carcass to meet premium brands.

The advantages to be gained from hybrid vigour when crossing with Ultrablack bulls will produce increased fertility and longevity in the progeny. Many of our clients are using them to gain this benefit over British breed females in the south.

The advantage to these producers has been that the hybrid vigour means that they're not getting the 'tail' in their weaners. The Ultrablack increases the calf weights at

weaning so that the whole calf drop can still target higher end Angus premium markets. That's a real bonus over a straightbred breeding programme.

We've been supplying Charolais bulls to clients for over 45 years so we understand what works and we have applied this knowledge to the development of our Ultrablacks. Talk to us about your breeding options with these great black tropically adapted breeding bulls.

They really are new generation genetics for a new generation of markets right across Australia.

Please note that all of the Ultrablack bulls in this sale are registered in the Angus Society MBR. If required, we can also register these bulls with the Brangus Society's Enrolment Register.

Clunie Range Excellence E419 (Angus)

One of our walking bulls that has been a valuable foundation sire in our Ultrablack breeding programme.

His Angus EBVs demonstrate his moderate birth weight; well above average growth; milk and scrotal and top 1% of breed for fat cover.

Sire of Lots 129, 136, 137, 140, 143.

Csonka of Brinks (Brangus)

A Brangus legend in the USA with explosive growth, excellent carcass & fertility.

Csonka is ranked in the breed's top 1-5% for 200, 400 & 600D Wt; Milk and Scrotal.

Sire of Lots 122, 123, 131, 132, 133, 135, 141.

D: Waverley B2012 Angus

D: Waverley Angus Dam

The first of the Excellence E419 sons and a good natured bull that displays plenty of carcass.

Jester is an upstanding bull, sleek skinned with obvious strength of loin and that cleanness underneath that we like to see in our Ultrablacks.

He's a bull that we'd describe as versatile as his growth and maturity pattern along with carcass type would indicate that he'll breed progeny from local to heavy bullocks.

The combination of Yanco over our selected Waverley dams has resulted in a really high 'strike rate'. It has combined fertility; growth and carcass in a desirable phenotype that is just where we want our UB's to be.

Jorgensen will add vigour and adaptability; flatten the backs without losing meat quality in his progeny.

A really nice type of UB bull that's easy fleshing; deep sided and smooth.

LOT 129

PALGROVE JOIST J1650

Tattoo: QHBJ1650 Calved: 26/10/2013 (22 months)

Angus MBR Registered: Angus 81% Brahman 19%

S: SAF 598 Bando

S: Clunie Range Excellence Angus

D: Clunie Range Twinkletoes X8

S: Palgrove Brangus Sire

D: Palgrove C72 Brangus

D: Palgrove Brangus Dam

Joist is phenotypically more of a Brangus type and has an absolutely bombproof temperament and great doing ability.

He displays softness; depth of flank; a tidy sheath and a big scrotal.

He also ticks all the boxes for survivability in the toughest environments.

S: Te Mania Ada A149

S: Texas Ada F257 Angus

D: Te Mania Omnia X173

S: Palgrove Brangus Sire

D: Palgrove D56 Brangus

D: Palgrove Brangus Dam

Sired by the high selling Texas Angus stud bull, Ada F257 who has really impressed us for his ability to maintain condition and constitution in the most trying environment.

Jade is a top UB commercial bull and right spot on where our programme should be.

He has plenty of weight for age, vigour, carcass quality, sleek skin and overall dimension.

A bull to produce top end yearling progeny to go straight into a feed on into a grass fed or grain market.

S: Lead Gun of Brinks

S: Csonka of Brinks Brangus

D: Miss Brinks 30L18

S: Vermilion Yellowstone

D: Texas Omnia Z86 Angus

D: Texas Omnia T22

The first of four outstanding ET brothers to be offered at this sale out of our donor dam, Omnia Z86. She has been one of most proven and productive donors and was a foundation female in our UB programme. His sire needs no introduction as probably the number one Brangus breeding bull in the USA, Csonka.

Kapow recorded the heaviest weaning weight of his entire contemporary group and is a bull with the growth pattern, weight for age and strength of bone to be ideally suited for stud or commercial duties.

We consider him to be one of our best offered this year.

S: Lead Gun of Brinks

S: Csonka of Brinks Brangus

D: Miss Brinks 30L18

S: Vermilion Yellowstone

D: Texas Omnia Z86 Angus

D: Texas Omnia T22

An ET full brother to Lots 131, 133 and 135 in this sale with an impeccable pedigree featuring Csonka and our foundation Angus cow, Omnia Z86.

A young bull that's really thick and soggy; big scrotal; great temperament and tidy in the sheath.

At just sixteen months of age, it's obvious that this bull will add weight; performance and fertility to his progeny.

A true sire in every respect.

S: Lead Gun of Brinks

S: Csonka of Brinks Brangus

D: Miss Brinks 30L18

S: Vermilion Yellowstone

D: Texas Omnia Z86 Angus

D: Texas Omnia T22

The third of four ET flush brothers in this sale and the power of the genetics has shown through with the consistency and quality of these four brothers.

Like his brothers, he has a powerful hip and hindquarter and an impeccable temperament.

Kracker is very smooth muscled; deep bodied and has a tabletop spine and is the sort of bull that will produce progeny with the carcass attributes to fit those premium market grids.

Tattoo: QHBK48 **Calved:** 23/04/2014 (16mths)

S: Lead Gun of Brinks

S: Csonka of Brinks Brangus

D: Miss Brinks 30L18

S: Vermilion Yellowstone

D: Texas Omnia Z86 Angus

D: Texas Omnia T22

The last of a really good run of four ET flush brothers that we're really proud to offer.

Kingpin is an earlier maturing bull than his three brothers, and is beautifully put together, balancing thickness with softness and great bone.

Kingpin is backed by a super pedigree that combines the best of both parent breeds to deliver what our objectives are - covering environment adaptability; market focus and fertility.

Don't miss this bull out of a consistently bred pedigree.

S: Texas Ada F257 Angus

D: Te Mania Omnia X173

S: Couti-Outi Nebraska

S: Southwell Dazzle 074 Brangus

D: Barwonga 757

A really big volumed; soggy son of Texas Ada that was the heaviest weight weaner in his contemporary group.

His dam is heavy milking young Brangus female and she's done a great job on him.

Kickstart has tremendous weight for age; great skin; big scrotal; excellent bone and plenty of substance and thickness.

At just 16 months of age, you'll gain an extra year of breeding out of these mature young UB bulls.

S: Clunie Range Excellence Angus

D: Clunie Range Twinkletoes X8

S: Valley View 443

D: Valley View 598 Brangus

D: Valley View 298

The youngest UB bull in the sale at just 15 months of age but with a great future ahead of him.

We selected his dam at the Valley View dispersal and she's been a great addition to our herd.

An upstanding young bull with a lot of class; great sire character and strong bone. He impresses for his depth of side; supple hide and most definitely has survivability bred into him.

S: Lead Gun of Brinks

S: Lambert of Brinks Brangus

D: MS Miss Brinks Good Fortune

S: Elswick Right Time

D: Palgrove G778 Ultrablack

D: Palgrove V1316

A son of the calving ease, marbling trait leader USA Brangus bull, Lambert and out of a two year old UB heifer.

Phenotypically Junior displays more of an Angus look even though his genetic makeup leans a little more towards the Brangus.

A really good natured bull that's naturally thick and wide topped - he's a bull that will give you the Angus carcass with heat adapted genetics.

S: SAF 598 Bando

S: Clunie Range Excellence Angus

D: Clunie Range Twinkletoes X8

S: Brinks Bright Side

D: Belview Zoe F64 Brangus

D: Belview Unbelievable

In our UB breeding programme, we're using our experience from the last forty years of bull breeding to design black flatback bulls that have bred-in survivability for the north as well as providing a black-hided option for our southern clients.

A younger bull that's deep bodied and smooth shouldered that displays a true sire's balance and bone.

He's what we describe as an adapted flatback.

Purchaser.....\$.....

LOT 145**PALGROVE JUROR J1382**

Angus MBR Registered: Angus 81% Brahman 19%

Tattoo: QHBJ1382 **Calved:** 10/10/2013 (22½ mths)

S: Te Mania Ada A149

S: Texas Ada F257 Angus

D: Texas Omnia X173

S: Palgrove Brangus Bull

D: Palgrove F23 Brangus

D: Palgrove Brangus Cow

The last bull on offer at our 2015 bull sale. We're convinced that these UB bulls have a real role to play in both Bos Indicus and British breed herds from the north to the south of Australia.

Juror is a smooth made; sleek hided bull with plenty of length and growth and will handle any environment thrown at him.
