Cattle get very little handling. History says they are quite stirry when mustered and trucked but settle down after some handling.

Assessor Comments Recognized doing cattle out of rough hill country to the east of Euroa. Definitely not pampered and always perform well on softer country. Due to management and fencing issues the Vendor PG's the heifers before the sale to avoid any chance of pregnancy. I am thinking the Steers will be around 320 kg. and the Heifers 300 kg. Actual numbers and weights will be catalogued morning of sale.
