Temperament Quiet: 95% Slightly Stirry: 5%
 Inspected in small paddocks and Heifers are obviously quiet. The Herefords may have a little bit of run about them but the Angus all appeared dead quiet.

Assessor Comments A regular offering at this Sale. Vendor is very particular in buying the best local heifer calves on offer each year and joins specially for this sale. Will be sold in their Three Lines as purchased. The Pulitano heifers have had no expense spared on genetics and look an absolute picture. The Araluen heifers are pure Witherswood blood and very neat, well put together heifers. The McCormack Heifers were purchased at Yea as the Top pen out of 150 heifers in the drop which were being sold due to a very tough season at the time. Amazing how things change. Note the separate videos for each lot. Expect the Lots to average from 500 to 540 Kg. Very well grown and in top order.
