

AMARULA DORPER RAMS

6th
February

Dorper Lot 1 to 24 (2013)

Lot 25 to 75 (2014)

Jump in and grab an amazing line of rams. They are in excellent condition ready to work hard. Rams have been grazing on grass and saltbush and the last 2 weeks on cow peas and grass.

There is a ram lamb management outline on our website for tips on how to get the best from young rams while they can continue to grow to their potential.
