| 143 | 144889 | 60            | +ve      | 3+         |
| 144 | 144756 | 65            | +ve      | 5          |
| 145 | 144713 | 63            | NDP      | 4          |
| 146 | 144737 | 56            | NDP      | 4          |
| 147 | 144728 | 58            | +ve      | C4 P2 T3   |
| 148 | 144775 | 64            | +ve      | 3          |

Ewes were joined to the rams on the 2/12/15. "Will I Am" is still running with the ewes and will be removed on sale day.

We pregnancy scanned and have been able to pick up the early pregnancies, which are shown as positive.

NDP (Not Detected Pregnant) ewes are more than likely pregnant, but do not show up on the scan yet as it is too early.
