WOONALLEE
SIMMENTALS

WELCOME

It gives us great pleasure to welcome you to the 2015 Elite Production Sale. It has been extremely exciting for us to watch this outstanding group of cattle develop over the past 12 months.

It has become evident that our commitment to designing a moderate framed easy doing animal with explosive early growth, softness and style has helped us reap the benefits in these tougher years with this group of cattle performing as well, if not better than previous years. This gives us great confidence and belief that the product we now present to you is one that will excel in whatever environment required.

We have used "For the very best in Simmental, whatever the requirement" as our marketing phrase and this will become clearer as you turn each page of this catalogue. The quality of the cattle whether traditional, black, red or SimAngus is something we are very proud of and we look forward to presenting them to you.

The traditional side of our programme has over 40 years of uncompromising selection behind it which gives these cattle great predictability and performance. We have invested heavily in both Australia and overseas to make sure we offer the very best both genetically and phenotypically and will continue to develop this herd with some new and exciting genetics coming through in the next few years

The black and red side of the programme has been something we have been working on over the last 5 years, with the aim of growing this side of the programme to 100 cows. Our alliance with Lewis farms in Canada has allowed us to grow our herd quickly with the best available genetics that have already been tested in a large and highly successful herd.

The SimAngus programme has been one that we have been developing over time, and now with 50 registered Angus cows we have a great foundation to develop this herd. The very best black Simmental bulls we have to offer are used over these cows and the resultant progeny are quite outstanding.

We are extremely proud of this group of bulls and females, and whether you study the pedigree, the data or the phenotype we are extremely confident they will meet your needs. If we can help with any of your selection process please feel free to give us a call, as we would love to assist.

Good luck with your purchase and thank you for your continued support.

**The business of farming is not for everyone.
But like you that's the business we're in.**

With 170 years experience, Elders has the livestock knowledge to support your business. We market over 2.3 million cattle and 13.5 million sheep each year. But there's so much more we can offer. Our specialist animal health services and exclusive ELMS protocols improve the health, weight and quality of your cattle and sheep, whether they're on the farm, in transit or in the yard. And through traditional or online auctions, forward contracts or direct to processor, we ensure more options for buyers and sellers. So, when you're looking for the best livestock partner, we're here when you need us.

REBATES

A rebate of 4% is available to outside agents introducing buyers in writing to the selling agent prior to the sale and settling within 7 days.

INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery.

EBV INFO

SIMMENTAL GROUP BREEDPLAN

The breedplan values in this catalogue were calculated in the 2012 Simmental Trans Tasman Group Breedplan evaluation. Each reported trait shows an EBV and its accuracy level. The EBV (Estimated Breeding Value) provides the best current estimate of the bull's true genetic merit for that trait, relative to the overall base for the Simmental breed. It indicates how its progeny should perform relative to those of other bulls in the breed. The accuracy indicates how well an EBV predicts the true genetic worth of an animal. The accuracy of an EBV will be higher for traits with a higher heritability and will increase as more performance information on an animal and its relatives become available. The accuracy of an EBV is reported as a percentage. EBV's with higher accuracy will change less than EBV's of low accuracy when more performance records are analysed.

- BREWERS HEIDI X316

DAM: WOONALLEE UNCANNY G219

- WOONALLEE VICAR
- WOONALLEE UNCANNY D15
- WOONALLEE UNCANNY Z25

NOTES: Well here is a bull that is certainly worthy of the lot 1 position at this year's sale, Woonallee Justified. A really complete and balanced bull from head to tail Justified has captured the attention from many astute cattlemen both in Australia and overseas. A super sound young sire with tremendous depth, softness and carcass, he is the perfect example of a bull with the "Woonallee Stamp". The first son of Woonallee Gangster to sell who has stamped his progeny with moderate frames, tremendous carcass shape and the easiest doing bulls in the drop. J112 was awarded Junior and Grand Champion Bull at the 2014 Royal Adelaide Show at only 15 months and continued his winning ways at many of the local shows. Dark red, fully pigmented with a slick skin and wonderful temperament, Justified has stud sire written all over him. Woonallee to retain 200 straws for in herd use only.

WOONALLEE JACKSON

BORN: 5/04/13 **REG:** WEEPJ053
EYE PIGMENT: 100/100 **HORN:** Scurred
COLOUR: RED

- AI-AI MORRIS
- BLINKBOU MODIST
- BLINKBOU ALMA

SIRE: WOONALLEE BHR TORNADO

- SWAARBOU GERT
- WISP-WILL ROSY
- WISP-WILL RONA

- GREAT GUNS HOSEA 48F
- BAR SP ROBOBULL 100J
- GREAT GUNS FELENE 6D

DAM: WOONALLEE POLLY B66

- SCOTTISH HEROD 5051 372
- ILLIMANI POLLY ANNA
- BUCKINGHAM MAMIE

NOTES: Jackson is a big upstanding bull with presence and style. Long bodied, deep sided and smooth fronted best sum up the first of the Tornado's to sell in 2015. Out of a highly productive Polly Anna daughter that consistently weans one of the heaviest calves, and by the legend himself; Tornado, Jackson's pedigree is as impressive as he is. At scanning in late November, Jackson had outstanding figures of 15 and 9 for fat, 132cm EMA and a remarkable 4.1 IMF which clearly illustrates the easy doing nature of this bull.

 • WISP-WILL PETAL
DAM: WONALLEE KATHIE B111
 • CONGOSIM BENSIE
 • BHR KATHIE SA L055E
 • CONGOSIM KARLI

NOTES: If you are chasing the next polled super sire then look no further than Jetstream. His pedigree is stacked deep with performance from his sire, Tornado, to his dam Kathie B111 who is an elite donor here at Woonallee after producing Kathie G73, who was the Grand Champion Simmental Female at the last two Royal Adelaide Shows and Supreme Simmental Exhibit at Melbourne in 2013, and now Jetstream who is destined for stud duties. A bull displaying massive body capacity, thickness and muscling while maintaining balance and style, J71 will impress you. Woonallee to retain 200 straws for in herd use only.

WOONALLEE JADEN (AI)

BORN: 25/03/13 **REG:** WEEPJ039
EYE PIGMENT: 100/100 **HORN:** Dehorned
COLOUR: RED

• SMITHBILT MOLSON 21M

 • VIRGINIA POLL BARBI SUE
 • ANCHOR "T" BARBI 46K
 • GIBBY'S NICHOLAS 302N

 • GIBBY'S NABRISKA 16N
DAM: WONALLEE REGAL G12
 • WONALLEE HADAU
 • WONALLEE REGAL C40
 • WONALLEE REGAL X46

NOTES: Jaden is the first of our Bravo sons to sell and we thought highly enough of him to cover our stud heifers in 2014. J39 is a long bodied, dark red sire with all the right cosmetics. He had the highest actual EMA measurement in November last year of 140cm which is amazing considering he was out working for eight weeks. We have had great success calving heifers down to Bravo and anticipate Jaden to follow in his sires footsteps. His dam is a neat, young cow by Gibby's Real Deal out of C40 who has also produced W.Havoc and W.Fettish. So as you can see, there is plenty of strength in Jaden's pedigree.

DAM: WOONALLEE PANSY F248

- GRIMICH PARK PRIMUS S52
- WOONALLEE PANSY A68
- WOONALLEE PANSY X19

NOTES: This is a unique opportunity to purchase the first of the Gomez progeny. We purchased Gomez from the Cowcher family in 2013 and have been excited with what he has produced in his first crop of calves. Moderate at birth with explosive growth and the right style to match what we aim to produce here at Woonallee. We thought it only right to offer the pick of two top bull calves this year. K14 is a moderate framed, thick set and easy doing polled calf that oozes style and performance. His dam is full South African blood and has passed on the correct structure and slick coat these cattle are renowned for. K52 is a long bodied, well balanced calf that also displays plenty of style and do ability. Dark red, polled and fully pigmented, K52 is an outstanding sire prospect. His dam also has African blood coming from Woonallee Limpopo on the top side, and with Primus on the bottom side there is real predictability in this young sire. Selling the pick of Lots 6A and 6B

- DAM: PERT LUCKY ONE 13**
- LCHMAN LUCKY BUCK 7049C
 - GW MISS LUCKY BUCK 983J
 - GW MISS CHOICE 717F

NOTES: A full brother to lot 8 and he has stood out in this great group of black bulls. A smoothly made bull with good length and thickness, he has stud sire potential. Lakota has done an excellent job here, and having used him successfully on heifers, we would have confidence in recommending this guy as well. Homozygous Polled.

HEIFER EXPO 2014

Part of the successful Heifer
Expo team from 2014.

15 SIMANGUS BULLS

The SimAngus programme is one that we have designed over the past 10 years with the aim of producing a product with low birth weight, explosive growth with increased fat cover and do ability. These bulls can be used as heifer bulls or power bulls on mature cows. They display all the attributes needed for those wanting a little Simmental in a black hide. These bulls have been tested for their polled status as well as their colour status to give you all the information needed when making your decision.

To optimize your investment in the yearling bulls, Woonallee will offer to retain them on farm until they are required for the mating season whether that is Autumn or Spring joining. Bulls will be guaranteed to be in as good or better condition than when purchased

Please note any bull to be left at Woonallee will require full insurance cover.

Early Weaner Treatments Show Great Returns

David Geddes, Holbrook, NSW

Recent work conducted by David Geddes, "Warranboo" Holbrook has shed new light on the opportunities that early worm treatments can offer weaner cattle.

David was surprised by differences in treated cattle and can see a number of new opportunities to capitalise on an early worm and nutritional treatment to maximise productivity in both his heifer and steer herds.

By gaining an extra 18kg at weaning by using Cydectin® LA and Multimin® it sets up my heifers to have a heavier weight when they are joined.

For my steers, it lets me turn them off at a younger age and a higher percentage fall into the top price category.

NOTES: Every sale we try to add a lot that gives you the opportunity to access the very best here at Woonallee, and one we do not normally sell. Vasti B117 is none other than Goldrush's dam and what an impact he has made. An awesome female that has raised twins for the last 2 years with the combined weaning weights of the 2013 bull calves reaching a staggering 920kg, while getting straight back in calf. Simply one of the best we have and the mating to the power bull Starwest Total Value should work perfectly. We have some of the embryos on the way and can't wait to see the calves. Selling one package of four embryos with a guarantee of two pregnancies.
