

Prime Sheep and Lamb – Special Conditions of Sale

1. All sheep and lambs are to be offered on a c/kg Carcase Weight Basis. Stock may also be offered on a \$/head basis if desired. If the buyer elects to purchase \$/head when c/kg Carcase is available, no claim of misdescription may be made on the Carcase Weight at the time of slaughter
2. Any claim for price adjustment made by a purchaser in relation to carcase weight will take into account the specifications of the buyer's regular pricing grid
3. For Carcase Weight Sales, lambs and hoggets must be slaughtered within 24 hours of receipt at the abattoir. Mutton must be slaughtered within 48 hours of receipt at the abattoir. If not slaughtered within this time, the price will be paid in accordance with the assessment or the actual results of slaughter, whichever is more favourable to the vendor
4. Value of the skin is included in the sale price. The vendor may make no claim on skin value
5. Any sheep or lambs with grass seed carcase contamination will be discounted as per the purchaser's regular schedule
6. Any lambs delivered with one or more permanent incisors will be priced according to the mutton grid of the purchaser on the day of slaughter
7. Stock must be delivered as per assessment within the specified delivery period, unless mutually agreed to by purchaser, vendor and selling agent and any adjustments are outlined in writing
8. For Carcase Weight sales, the carcase will be at the purchaser's risk at the place and time when the carcase is weighed over the abattoir scales.
9. The purchaser shall ensure their nominated carrier has appropriate rollover insurance. The vendor is responsible for transit insurance in relation to individual losses
10. Kill sheets must be provided to AuctionsPlus within two working days of slaughter
