Welcome to Kaludabah!

It is with great pleasure that we welcome all those attending the inaugural Bald Ridge Wagyu Sale on property at Kaludabah. We are proud to present an extensive line up of bulls and select females for sale.

Bald Ridge Wagyu was established in 1997. Over the past nineteen years, we have carried out intensive embryo flushing programmes to develop an elite herd of exceptional Red and Black Fullblood Japanese Wagyu. Our stud cattle and genetics are sold in Australia and worldwide.

The Wagyu Breed is currently experiencing a significant growth in markets and returns. We believe the bulls and females on offer today present a great opportunity for all prospective buyers. Thank you for your support and attendance.

*Rick and Dawne Hunter,
Family and Team members.*

YOUR HEIFERS ARE AT RISK

40-60% of heifers have never been infected and are susceptible to future infection. Pestivirus can lead to increased risk of abortions, still births, calf disease and calf losses¹⁻³

DON'T LEAVE IT TO CHANCE.

Start by vaccinating your heifers with Pestigard® - the only vaccine available to protect your cattle against reproductive losses due to pestivirus.
