# SALE DAY

2016

— CONNECT + EVOLVE —

AuctionsPlus Sale Day is focusing on evolution, innovation, collaboration and communication - we will provide guests with new insights, challenging ideas and an opportunity to contribute to the future of the Australian livestock sector.

ABC's Pip Courtney, our MC for the evening, will challenge some of the best industry minds, from grass roots through to business innovation and technology, allowing them to share their stories, insights and core beliefs with you.

We will also host a charity auction to raise money for the Royal Flying Doctors Service, an integral part of the Australian Livestock Community.

The Charity auction will have a range of lots, with some to be auctioned that night interfaced with online buyers, while other lots will be online only.

More information coming soon!
