“ We supply our clients with high quality Angus genetics that are fertile, structurally sound, easy doing and low maintenance without compromising the importance of growth and carcass performance.”

The Archer family invite you to join them for a BBQ dinner upon completion of the Female Auction – Sunday 9th April 6pm.
Please RSVP annette@landfall.com.au to assist with catering.

WELCOME

We invite you to attend our female sale and are pleased to offer you 48 specially selected PTIC females. The sale is to be held on the Sunday afternoon at 4.30pm prior to the bull sale being held on Monday 10th April 2017.

In recent times we have been actively growing the Landfall herd resulting in an increased number of pregnant registered females. This year that number sits at approximately 1400. The growth in the herd has now allowed us to offer these specially selected females that are ideally suited to registered breeders looking for females to add value to their existing herd, or for breeders looking for foundation females.

These females are in calf to many industry leading sires that we have selected carefully for use in our herd. Importantly there is an opportunity to access genetics by some sires that have not been widely available such as VAR Generation 2100, Werner War Party, Basin Payweight and VAR Foreman.

We have a desire to offer females with quality phenotype and high performance that are going to provide breeders a good return on their investment. This is a line of females possessing genuine quality selected from the Landfall herd, we have not sold females meeting this selection criteria at auction in over two decades. Landfall females have a reputation as being low maintenance, hardy cows with performance. Our cows are bred and run in commercial conditions having to continually meet our performance benchmarks to remain active in the herd.

As we continue to grow our breeding herd our vision is to offer cows of this quality on an annual basis. The interest and support we see in this year's sale will help set the direction for the marketing program for our females into the future.

Landfall genetics have a proven track record for nearly 70 years. Our genetics are backed by an organisation with integrity and high quality service. We are thoroughly committed to the success of our clients and their beef operations.

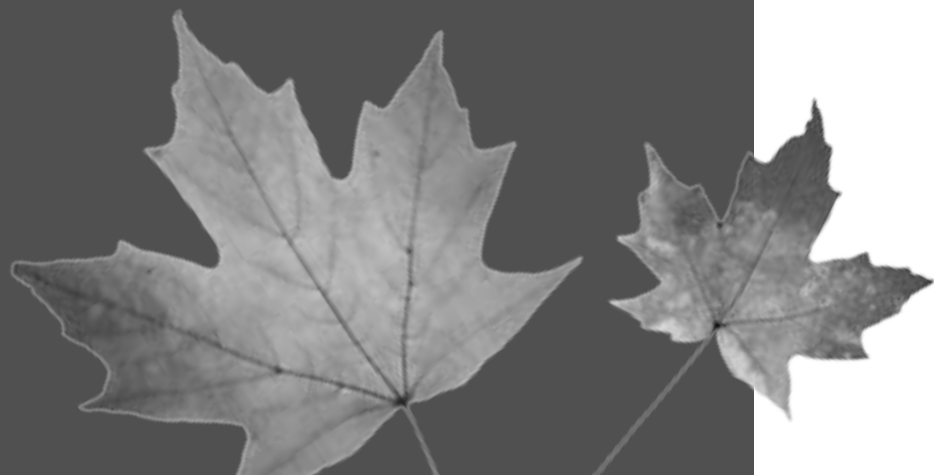

To assist our clients the Female sale will be interfaced with **Auctions Plus**.

Once again, thank you to all the Landfall staff, family members and associates for their valuable contribution to our program. We are extremely fortunate to be surrounded by people who are committed to success and we are tremendously proud of the family orientation of our business.

Please feel free to contact us for any further information.

We look forward to seeing you soon.

The Archer Family

SALE NOTES

1. LOCATION

8 kilometres from centre of Launceston North on East Tamar Highway. Follow A8 towards Georgetown. See page 87 in the bull catalogue for map and travel information.

2. DINNER

Please join us for a casual BBQ dinner following the sale.
RSVP: annette@landfall.com.au

3. REBATES

4% rebate commission offered on all bulls and stud females to agents settling within 7 days of invoice.

All purchasers must nominate their agent 24hrs prior to the sale with Roberts Ltd or Richards Livestock.

Please email studstock@robertsltd.com.au or iwrchl@gmail.com or frank@landfall.com.au

4. RESERVE PRICES

All Females will have a reserve price set and these will be made available closer to the sale day.

5. EBVs

Angus Group Breedplan Figures are used throughout the catalogue.

6. RECESSIVE GENETIC CONDITIONS

All lots are clearly marked with their respective genetic status.

7. ORDER OF SALE

All females will be sold through the sale ring.

8. REGISTRATIONS

Please note: some lots are HBR registered and some are APR registered. All animals are eligible for transfer with their respective registration status.

9. INSPECTION

All females will be available for inspection at Landfall on the day of the sale from 12noon onwards. Inspection any other time is welcome by appointment.

10. LOT IMAGES

Photos and videos of selected lots by Clearvision Imaging available on our website www.landfall.com.au.

INSURANCE

Insurance is a MUST, when selling, buying and transporting livestock. At the fall of the hammer at Auctions, the buyer is immediately responsible for the stock purchased.

For full details about insurance cover of livestock, check with the Agent who is operating the sale.

This catalogue is available online. Visit: www.landfall.com.au

Email: frank@landfall.com.au

PLEASE NOTE:

As vendors, the Archer family at Landfall want your valuable new purchase to be given every opportunity to travel and settle into their new environment with a minimum of stress.

To this end we ask you to nominate
CLEAR DELIVERY INSTRUCTIONS.

Short notice requests for collection of animals will not be accepted.

Thank you for your Co-operation.

DISCLAIMER

Whilst all due care and attention has been paid to accuracy in the compilation of this catalogue, neither the vendors or the selling agents or representatives thereof assume any responsibility for the correctness, use or interpretation of the information on animals included in this sale catalogue.

NOTES

We chose to use Edmund again in the 2016 joining after seeing his progeny come through the Landfall herd as rising 2 year olds. A purpose bull that ticks a lot of boxes.

NOTES

A heavy use sire in the Landfall herd in 2015 and 2016. A sire with extra length, his first drop of weaners are displaying his trademark length and muscle expression. Generation is set to have a profound impact on the breed over the next few years. Out of the Sandpoint 8809 dam.

NOTES

A phenomenal birth to growth curve on this sire. A similar pedigree to All In, he was selected for use in the Landfall herd for his ability to add extra growth without increasing birth weight. A sire with good EMA and IMF. Inspected well in the US in 2016.

RIVERBEND BLACKBIRD 2204

NOTES

Another sire from the prolific Sandpoint 8809 dam. Upon inspection in 2016, our opinion is that Foreman is the best phenotype son of Ten X due to his increased capacity and thickness. Another sire with a great spread from birth to growth.

NOTES

This bull really impressed us when inspecting him and his mother in 2015. A Resource son with a more moderate birth weight but still adding thickness and muscle. Moderate maturity pattern with good early growth.
