

Better Value Charolais Group Charolais sale:
Autumn calving cows with calves at foot (LOTS 1-27) & SPRING CALVERS (LOTS 28-38)

All lots MUST be taken from property 7 days after sale unless arranged with the owner, we will try our best to co-ordinate economical logistics options.

Most recent health treatments for all in lots 1-27:

6/3/2015: Annual ultra vac 7 in 1

15/9/2015: Cydectin pour on drench (Nil withholding 10ml per 100kg)

28/5/2015: Calves first ultrvac 7 in 1 15/9/2015:

calves second "booster" ultravac 7 in 1

Most recent health treatments for all in lots 28-38:

6/3/2015: Annual ultra vac 7 in 1

28/9/2015: Cydectin pour on drench (Nil withholding 10ml per 100kg)

28/9/2015 Calves first ultra vac 7 in 1

Lot 1-27 were inspected by Tim Bayliss on the 2nd of October 2015. They represent tremendous opportunity to secure quality Charolais genetics, the cattle are "on the do", handled well throughout the yards and deemed to be structurally sound and of a good type. Leading up to sale date the cattle are running on a rye, oats and chicory pasture and lablab silage.
