210 REGISTERED FEMALES 1 STUD SIRE 40 YEARLING BULLS

Roger & Jann Hann

Courallie Park

Bellata NSW 2391

Phone: 02 6793 7852

Mob: 0428 597 791

[Email: courallie@skymesh.com.au](mailto:courallie@skymesh.com.au)

Welcome

We welcome you to Courallie Park for what will be our "Final Flutter" in the Hereford seed stock industry. As many will already be aware Jann and I have take the decision that retirement appears to be a very attractive option.

This ambition is being progressed in two stages, the first being the sale of the property, Courallie Park, not without some degree of emotion considering it has been in Hann family ownership since the 1880s. The second stage being the **UNRESERVED** sale of the pedigree Hereford / Poll Hereford herd again, not without some emotion

Following the dissolution of the family partnership in 2005 we have continued to produce Hereford and Poll Hereford cattle using, what we believe, the best genetics available.

We are most grateful to a very loyal group of supporters that has continued to make our business, not only, viable but extremely enjoyable and rewarding. It has been an absolute pleasure to be involved with those people and their cattle.

To successful purchasers, we wish you every success and hope that these genetics, for long into the future, have a positive and profound impact.

The Hereford business has provided, for us, a fantastic journey and long may it continue to prosper.

Best Wishes

Roger and Jann

COURALLIE
HEREFORDS

Courallie The Past Decade

The history of Courallie Hereford Stud, commenced by the late CV (Val) Hann in 1949 has been well documented, with outstanding success in the show ring, until showing ceased in 1993 and in the sale regularly amongst the most successful, of breeds, in the country.

The separation of the family partnership in 2005 led to a very agreeable arrangement with Clyde Agriculture to supply their requirements for Hereford bulls. Encouraged by CEO, David Boyd and Pastoral Manager, Richard Turner we proceeded to purchase a number of cattle from the ensuing dispersal sale and continued, on a smaller scale, the Courallie programme. This arrangement concluded with the retirement of David Boyd and the subsequent sale of the Clyde properties.

Since 2005 we have continued to build on those very successful genetics but with a very significant change of emphasis toward Poll genetics - commencing in 2006 with the purchase of Kidman Turbo Z11 and a semen package from Allendale National W168. We have, however, continued to use and infuse some strong Hereford genetics via Courallie Pompeii and his sons and grandsons, Kiwi Zabest, Yavenvale Empire and have continued a Line One influence through 522E, 399N and 042X.

Always with a strong commitment to building an efficient cow herd (the factory) we believed that the Bowen genetics could deliver those efficiencies and to that end have proceeded to use a number of Bowen Sires, mainly by AI. The bulls Vincent (and his son Debarry Elliott), Baxter, Uralba, Extremist, Peakes Bentley and Braybook Mel have all contributed to the building and improvements of our cow herd.

The desire to further pursue improve in calving efficiency, fertility and maternal trait encouraged the use of Koanui Rocket, with great success. The progeny of Rocket, his son and grandsons continue to strengthen those on farm efficient genetics so vital to a viable beef cattle enterprise. The calving efficiency feature has continued to be built upon with Kiwi Zabest, Wirruna sires Daffy and Hartwig and now, very strongly, with Glentrevor Wallace H427.

In 2013 we introduced to our programme the \$90,000 sire, Day Calibre G74 and he has proved to be an exceptional sire of cattle with great appeal, especially for carcass, growth and top end performance. Two sons, K557 and K563 are among our best and were used to follow the AI in 2015. The Canadian sire, Remital - West Game Day 74Y, was introduced at the same time and has produced cattle with thickness and soundness. A son K581 is an outstanding individual and was used to follow the AI in 2015.

Of significance has been the introduction, in 2014, of two really good young sires from Kay Payne's Elite herd. The progeny, now yearlings, of H284 and H297 appear to be right up there on performance and soundness.

In Recognition of the Day family and their ability to match super cattle with super performance it is not surprising that many of the calves at foot are sired by, Allendale Anzac E114, Allendale Distinguished H52, Day Calibre G74 and Days Enforcer J126. Other sires represented by calves at foot include Glentrevor Wallace H427, Mawarra Mustang, Melville Good Star G384 and Dunoon Fax F084.
