Exceptional (Poll) is another polled son of Basalt, with 41 cm in the scrotal size, very trim sheath, docile temperament, high growth and desirable tropical attributes and clean coat - very typical Basalt - we are very pleased with this sire.

After doing his maiden season at Cardowan, with the Greenup stud, Exceptional was moved to Eidsvold in Spring 2012 and is being used in the single sire herds there.

Seven sons of Exceptional sold by auction have averaged \$5,071 with a top of \$9,000 for Greenup Juggernaut to BTD Pastoral.

A son, Greenup Huntsman G264 (P), has been retained in the stud herd.

Echidna (Poll) was retained for his incredible muscle pattern and has one of the best constitutions in our sire battery. This is an extremely slick coated bull in all seasons. Structurally this sire is flawless and offers excellent tropical attributes.

Echidna's two sons offered for auction sold for \$9000 to Bridle Holdings and \$4000 to P & M Hill

Purchased in 2013 for \$9000. Downpour is a soft, easy doing bull with great temperament. He has an EMA of 134 cm & scrotal size of 42cm at 23 months, and his EBVs place him in the top 5% for growth and muscle. Downpour offers a balance set of traits and is from a fertile Matlock dam line. Downpour is by Ability, who sold for \$27,500 to the Celam Geoff Goodland
