

***Do you want to shape the future of AuctionsPlus?***

AuctionsPlus will be hosting two intensive workshops in Sydney on Tuesday the 18<sup>th</sup> and Wednesday the 19<sup>th</sup> of July and we are looking for potential candidates.

We want Assessors who are excited about shaping the future of the livestock industry. People that are passionate about livestock marketing, committed to product integrity and want to make the system valuable to all participants in the supply chain.

This is an opportunity to work with a team of industry leaders in a collaborative and supportive environment, to help set the foundation to allow AuctionsPlus to continue to evolve as a livestock marketing tool that serves our unique livestock industry, now and into the future.

The objectives of the workshops will be to identify areas for improvement around:

- Assessor Manuals
  - Assessment standards and expectations
  - Objective measurements
  - National Language
  - Operating Conditions
  - Misdescriptions and penalties
- On-going training requirements for new and existing assessors/users
- AuctionsPlus code of conduct
- Streamlining and automation – points of friction
- Emerging Technology Investment
- General enhancements to the supply chain experience
- Industry challenges and the role we can play (EG: biosecurity, traceability)
- New Opportunities

AuctionsPlus will be funding flights, accommodation and meals for all attendees and we are looking for a diverse group of people that are collaborative and committed to shaping the livestock sector alongside us.

***Feel like you fit the bill?***

Places for this event are strictly limited – applications to attend can be found at Please express your interest by **Friday 30th June 2017 at**

<https://www.surveymonkey.com/r/Assessorworkshoexpressionofinterest>

We will be doing follow-up workshops with interested parties if you miss out on the first workshop.

Kind Regards

Anna Speer
