# Dell, African, Dumisa Stud History

***ALL 3 studs are Brucellosis accredited stud and Ovine Johnes Disease score of 4 ABC points, which is a low prevalence area and we are in the Riverina Bio Security Plan.***

Dell Dorpers Australia was established in 2007 by Jean & Moozie van Niekerk and the famous John Dell of Hounslow, near Grahamstown in South Africa. John Dell was one of the most prominent South African breeders by being the owner & breeder of one of the oldest studs in South Africa. In 2012 John Dell Dorpers had its 50th anniversary for breeding top quality Dorpers in South Africa.

John Dell's stud consisted of 1200 stud ewes South Africa. Since 2007 John sent the very best quality of embryos to Dell Dorpers Australia to continually improve the stock and for genetic variation. Some of the embryos were sired by the famous Mickey Phillips "Rolo" and Mickey Phillips "JoJo". John Dell's genetics are medium framed meaty sheep, well balanced, with great bone structure, which thrive in any Australian conditions especially in the dryer areas.

Dell Dorpers are currently running 500 high quality Dorper stud ewes on 2000 acres of mixed pastures. The weaner rams up to their sale day run on 300acre dry block of native pastures. During the tough months of summer the rams are left to grow and fend for themselves to produce a hardy ram to survive in tough conditions. Two months before our on farm sale the rams get fed 300 grams per ram per day in their 300 acre paddock. We are currently selling 130 top commercial rams per year and we would like to double that in the near future.

Dell Dorpers also sells top quality stud rams and ewes annually at the Australia National Dorper & White Dorper Sale, Supreme Sale in Bendigo & our on Property Sales.

We are located about 30 minutes from Moama, NSW in the Southern Region of the Dorper Sheep Society of Australia.

African & Dumisa White Dorper genetics are originally based upon genetics imported from South Africa. Genetics from some of the best studs in South Africa were used. Such as Kasteel, Tien Jordaan, JLK Kotze, J Visser, Leon Snyman, Dries Wiese, Gert Lotter, Malan, Tony Cahil and also genetics from the van Niekerk's Brakfontein Stud in South Africa.

Over recent years, top sires from Matchless and now Dumisa & African White Dorpers have been used in the stud. This includes the African White Dorper Ram named "SUPER SIRE" African D555 who is the core of the stud and has made his mark as being one of the best breeding stud sires in Australia. He is a champion of champions which includes, African G041 Res Senior Champion White Dorper Ram ASWS 2012 and sold for \$11 000, Dumisa Ranger 130055 Junior & Grand Champion White Dorper at ASWS 2014, Dumisa 130353 Junior Champion White Dorper Ewe Dubbo National Show 2014. D555 was the grandsire of the top priced White Dorper ram at our 3rd On Property Sale 2014 & the grandsire of Dumisa Kluger 120441 the Senior & Grand Champion White Dorper Ram and Supreme Exhibit at Dubbo Nationals 2014. Between African & Dumisa White Dorpers we are currently running 250 high quality great shedding White Dorper ewes. Dumisa & African White Dorpers are not all about winning shows, we breed rams for stud and mostly commercial operations with good structure, great meat qualities and for tough and good conditions.

## CLASSIFICATIONS

All the rams have been through a strict classification by Mr Rikus van der Merwe, Westfront Dorper Stud, Britstown, South Africa. All the rams are sound and ready to go out and work. Most of the ewes have been classified by Rikus with him rechecking the ewes previously classed. Classifications are available in the catalogue and on <http://auctionsplus.com.au/auctionV2/#/presale/8804>

## No Colour Guarantee

Due to the nature of genetics White Dorpers can be known to occasionally throw colour. As this is out of our control, we cannot guarantee that our rams and ewes will breed only pure white lambs.

## HEALTH

Dell Dorpers, Gunbar Dorpers, African & Dumisa White Dorpers are Ovine Brucellosis accredited flocks. All rams in the sale have been blood tested negative for Brucellosis. All sheep are from a flock not infected or suspected of being infected with Ovine Johnes Disease. All rams and ewes have been vaccinated with Glanvac 6-1 and Dectomax drench in August 2015. Dell, African and Dumisa Studs are all dermatosparaxis free flocks.

## **FREIGHT AND TRAVEL**

We are willing to hold animals for a reasonable period of time at the buyers risk to allow for coordination of transport. We can provide recommendations of suitable stud stock carriers and will assist wherever we can for a safe and efficient transport of animals to your home property.

## **DELIVERY**

Landmark agents will be handling the delivery of rams & ewes after the sale. No stock will be loaded until after the sale is completed.

## **FERTILITY GUARANTEE**

All rams are sold with a guarantee of being fertile. Any claim against the breeding ability of an animal purchased should be made within six months of the date of sale. The guarantee covers the purchase value of the ram. The guarantee does not cover infertility due to injury or disease contracted since the sale of the ram. Insurance covers this. A veterinary certificate would be required in the case of infertility. The ram shall be returned in the event of an animal failing to be fertile and either be replaced with an animal of comparable value or a credit to the full purchase price will be given at the following sale or on a private sale animal (if available).

## **INSURANCE**

Animals will become the responsibility of the purchasers at the conclusion of the sale. We strongly recommend insuring your animals after the sale. Insurance can be arranged with Landmark as required.

## **AUCTIONSPLUS**

Dell Dorpers, Dumisa & African White Dorpers Sale will be interfaced with AuctionsPlus. This allows buyers to place bids online over the AuctionsPlus system.
