***100 western bred, white males, rugged, muscly,
outdoorsy types.....looking for relationships
with multiple females!***

All sale ram photos are on www.auctionsplus.com.au

The Mosely Family, Etiwanda Station, Cobar, NSW 2835, Ph.0268373797

Dear Fellow Producers,

We warmly welcome you to the 2016 Spring "100% Rangeland Ready" Sale, interfaced with AuctionsPlus and scheduled to start at 12pm, September 30th. Inspections are welcome prior to the sale by appointment, or on sale day from 9am. Come and enjoy a coffee and morning tea and then take a wander through the sale pens.

This year's draft of rams are in great condition, are well grown, and they are displaying plenty of capacity and muscle. We have been working, with a plan, to improve our flock over the years and the results of that dedication is showing through. We aim to produce functional, profitable animals, superiorly adapted to their environment, and that is what we are seeing in our sheep every time we handle them. As always, all the rams are presented to you straight from the paddock, they have never been shorn, hoof trimmed or grain fed.

Included in the ram sale are 3 pens of flock rams (Lots 94-96) these will be sold by the pen, not individually.

Our sale catalogue is being presented online only. You can find the catalogue online at AuctionsPlus at www.auctionsplus.com.au – our sale is sale 504, and also on www.etiwanda.com.au

Our website shows a Google map to our main entrance gate. The sale entrance is 5km further south – you will see our sign and flags.

Our flock is a tested Brucellosis free flock – certificate number CW-01/17. In regards to Johnes – sheep from Etiwanda can travel to all areas in Australia. Our sheep also come with a fertility guarantee.

We will also be offering 2 registered Red Angus bulls (Lots 97 & 98). Over the last couple of years we have put together a line of Stud Red Angus cattle to breed bulls for our own operation, and we currently have more bulls than we need. The two bulls on offer were purchased as calves at foot at the Tullatoola Red Angus dispersal in April 2015.

Safe travels to Etiwanda, we look forward to seeing you on the 30th!

Yours faithfully,

The Mosely Family.

Sale Information.

Sale time

The sale is scheduled to start at 12pm EDST, September 30th, 2016. The sale interfaced with Auctionsplus so start time must be strictly adhered to.

Inspections are welcome from 9am on sale day or any other day prior, by appointment. We encourage buyers to inspect the rams prior to the sale. This gives us the opportunity to assist in selection of genetics to best fit your flock.

Sale Location: on property at Etiwanda. Google map directions on www.etiwanda.com.au

From Cobar - 92kms South on the Kidman Way (Hillston Rd), 5km past Sandy Creek Bridge turn right. Watch for our sale sign and flags.

From Griffith/Hillston – follow Kidman Way North through Mount Hope, travel approx. 80kms. Turn left. Watch for our sale sign and flags.

Accommodation in Cobar

Town & Country Motor Inn - 02 68 361 244

Central Motor Inn - 02 68 302 000

Phone Bidding

Phone Bidding can be arranged prior to the sale by speaking to the selling agents Landmark Russell Cobar

Ulrich Eins 0447769588 or the Landmark Cobar Office 02 68 362234

Auctionsplus bidding

Many people bid on Auctionsplus for the Etiwanda sale – this is a straight forward process – for any assistance with this bidding method please contact the selling agents on the above numbers.

Health Status

All rams are tested Brucellosis free Accreditation No CW 01/17. Etiwanda is situated in an Ovine Johnes Disease protected zone. All the rams have been vaccinated with 6 in 1. All lambs are from natural paddock matings. All lambs have been born unassisted.

Refreshments

Morning tea, lunch and hot and cold refreshments available on site

Sale Service

Andrew & Megan are always available to discuss any aspect of your flock and can be contacted on 02 68 373797 or andrew@etiwanda.com.au for advice and assistance. Mobile service is patchy at Etiwanda – but if you can't get us at the house it is worth trying Andrew on 0419477983 or Megan on 0429477930.

Buy your rams from someone who breeds them like they ought to!

100% Rangeland Ready.

What is Rangeland Ready?

Hardy, profitable, unpampered White Dorpers that have never been shorn, grain fed or hoof trimmed. Grass raised on the Rangelands of Cobar and performance recorded on LAMBPLAN. Rangeland Ready to go – bred like they ought to be!

Our Rangeland Ready Rules

- We use LAMPLAN to provide practical information on the genetic potential of our animals & monitor our breeding program – objectively.
- By running the animals extensively we apply sufficient pressure on the ewe flock to force out the unadapted and infertile animals.
- The natural resources placed under our stewardship are managed in a regenerative manner.
- In addition to growth and performance, we select for other vital economic traits like fertility, lambing ease, moderate ewe size, muscling ability, structural correctness, disposition and longevity.
- Sheep are run in a real-world environment, as tough as or tougher than the environment most commercial ewes are run in.
- Replacement ewes are developed on a low-cost, rangeland based diet with minimum supplements. We only want the most efficient and most adapted ewes to make it into the breeding flock.
- We let the environment sort out the profitable ones; we show no sympathy for empty or dry ewes.
- All lambs must be born unassisted to make it into one of our ram sales.
- A ewe must produce and wean at least one lamb every year to remain in the flock.
- Our honesty & integrity will not be compromised.

Never Shorn, Hoof Trimmed or Grain Fed.....ever.

100% Rangeland Ready
