

Spring Bull Sale 2015 Supplementary Information

SUPPLEMENTARY LOT

LOT 41A Hicks Red Label E567 – see page 28 Reference Sire listing for pedigree and EBVs

We have made a late decision to offer our leading sire Hicks Red Label E567. He is a very attractive, sound sire that leads the breed for the Supermarket Index – above top 1%, and he leads the breed for IMF. He is a bull of about 6 ½ frame, with a ton of thickness and volume.

His off front hoof has been treated for a vertical crack.

Sale Day Safety

- Electric fences are on
- Visitors enter pens at own risk, if you do not want to enter pens please ask and we will bring bulls to the fence
- All bulls have been screened for temperament
- No children allowed in pens
- Be aware of fighting bulls
- We do not expect bulls to be aggressive with humans, but sale day places extraordinary pressure on them as they are experiencing a completely foreign environment
- Do not crowd bulls or loiter in the pens
- Do not enter pens unnecessarily
- Report any undesirable bull behaviour to a Hicks Beef staff member

If you need advice please do not hesitate to ask Tom or Andrew.

Taking delivery of your new Bull

To help your new bull or bulls to settle into their new home as well as possible, the following points should be followed.

- All Hicks Beef bulls are run in large mobs their entire lives, so they've always had plenty of mates around, and they have never been alone.
- It's a good idea to have some cattle in the yard when the bull arrives to ensure that he has company.
- At Hicks beef we handle our cattle quietly and confidently. We use motorbikes and utes, with the aid of obedient dogs. The bulls have not been handled with horses.
- Handle your new bull/s quietly and with respect and he'll settle into his new home well, and will be easy to handle whenever the need arises.
- All sale bulls to be delivered to their new home within 7 days please.
